

# Silence Speaks Contemplations

“The One you are looking for is the One who is looking.”

Universal Mind contracts to become the individual mind. What they each have in common is awareness. Our awareness is the One's Awareness.

I am aware is the exact same as I AM (Universal Awareness) which is assigned to a unique mind/body unit. Who is looking out through your eyes?

Him!

P.S. This is the Mother, the Source, of all Pure Knowledge
