

# Twelve Weeks of Christmas

## Week Three Commentary

HOPE is one of the most powerful of Jesus' wisdom teachings. It is a foundational understanding in spiritual life. It is not a secular wish or a desire for something outside that we "hope" will give us some external fulfillment. HOPE is a KNOWING; it reveals the great Truth of His Presence in our life now and in our life to come.

HOPE is an anchor in a world of chaos.

From HOPE springs JOY.
