

Contemplation

Your Life Is the Unique Experience God Wants You to Have

Why? Because the ultimate learning of your lifetime is Love. Everything that comes to us is specifically designed for us to learn to respond with Love. No, not Love as a gushy emotion, but the most evolutionary response to Life.

And what is that response? It is twofold: Acceptance and Faith.

And where does this evolutionary, loving response come from? It is the natural expression of our Inner Life. It is not an external formula of rules and regulations - it is "us" spontaneously expressing "ourselves" according to our own nature, supported by that basis of Silence and Pure Knowledge. When we have Silence and Pure Knowledge as our foundation, "the Ocean" is supporting the wave, then God can work through us freely and that is what true consciousness is – the degree to which God can work through. Our minds and judgements are bypassed. Our responses come from our heart – our core of being.

A person or situation comes before us; our "love" response? Acceptance - this is what God wants me to deal with; and Faith, knowing that this is coming as part of a bigger plan for me.

This PEACE (Light) we generate through living these truths, permeates our "space" and all who come into contact with us are better for it (loved). Our inner being's thought and feeling tone affects everything! The world evolves through our Silence and Inner Peace.

And so, we are given many unique opportunities and experiences to respond to with Acceptance and Faith. **Acceptance and Faith = Inner Peace** which generates a powerful force field of Love. Love, being the power of evolution - that which brings all things to their next level of growth and completion.

Triptych symbols – the banner at the top of the page: (1) The peacock is a symbol of re-growth and rejuvenation, royalty, respect, honor, and integrity. (2) Jesus as the symbol of the Christ. (3) The Greek symbols of Alpha and Omega mean that Christ is all things, the beginning and end and all between.

Only Love, Jerry
