

State of Grace Contemplation

“Blessed are the peacemakers for they shall be called
Children of God.”

All evolution is an emanation of Silence within activity.

A true peacemaker is one who maintains that Silence
which stirs the Silence, the Divine Presence,
within all of creation
and leads men to act
in a manner of a higher good.

Even world peace comes from our personal Silence.

*“One sincere person in prayer does more good for the world
than all the world leaders, humanitarians and
politicians combined.”-Paramahansa Yogananda*
